**Subject:** RE: PCBs: Revised PCB Cleanup Completion Report and Covenant - Aspire School - 66th Avenue, Oakland, CA

Team - ARCADIS is in process of revising the documents for the Aspire School Site in Oakland and I want to make sure we are in agreement as to what is going to be provided to the EPA on or before October 15, 2013. Here is my understanding as to what will be provided for EP's review.:

### **Revised DRAFT Addendum to the PCB Cleanup Completion Report**

This document will include responses to the comments provided by EPA in March 2013.

As a reminder this report provides the following

- Summary of additional remedial actions conducted following the submittal of the Implementation Report (dated August 12, 2010)
- A summary of the PCB-affected soil that remains at the Site
- Summary of mitigation measures for the PCB-affected soil that remains at the Site;
- Soil sample laboratory analytical data;
- Revised health risk screening calculations;
- Fill material source information and laboratory analytical data
- Waste disposal information and
- Revised figures showing:
  - Details regarding the surface cap, the landscaped areas, and the redevelopment plan);
  - Survey coordinates for the location of soils beneath the cap containing PCBs at concentrations above the cleanup level of 0.130 milligrams per kilogram and
  - Areas where cleanup levels were achieved, where the cleanup levels were not achieved, and where soils contaminated with PCBs above the cleanup level were consolidated beneath the cap at depths ranging from approximately 1 to 4 feet below the current ground surface.

The addendum, along with the Implementation Report, will provide a comprehensive summary of the SICP.

### **Revised Draft Operation and Maintenance Plan for Cap Mitigation Measures**

This document will include the schedule for cap inspection, cap maintenance, and cap repair and will include responses to the comments provided by EPA in March 2013.

### **Draft Land Use Covenant**

This document is being prepared using the example document provided by EPA in January 2013.

### **Cap Inspection Report**

The cap inspection report from September 2013

Please let me know if these are the documents that EPA is expecting.

Thanks Ron.

**Subject:** PCBs: Revised PCB Cleanup Completion Report and Covenant - Aspire School - 66th Avenue, Oakland, CA

Dear Mr. Ron Goloubow and Ms. Angela Andrews:

As of June 2013 we have not received the revised PCB cleanup completion report for the subject Aspire School despite our repeated requests for those documents during the last two years. Conditions of approval in EPA's approval of the PCB cleanup work requires that such a report be submitted in addition to a land use covenant, cap inspection, maintenance, and repair plan for review and approval of the language prior to recordation of the covenant. We have reviewed all the draft documents and have provided Mr. Goloubow with comments on such documents. Those comments were also discussed with Mr. Goloubow through conference calls.

In order to determine the PCB cleanup conducted at the Aspire School property in Oakland (66<sup>th</sup> Avenue) was completed consistent with all conditions in EPA's PCB cleanup approval for the Aspire property, the required PCB cleanup completion report, cap inspection, repair, and maintenance plan, and land use covenant must be submitted for EPA approval. The Alameda County Department of Health must also be included in the review of those documents. Lacking the required documentation, EPA cannot make such a determination. In addition, cap requirements include routine inspections of the cap which in this case consists of all paved areas at the school. Please provide copies of cap inspection reports conducted since completion of the cap.

We are requesting the required documents be submitted not later than October 15, 2013. In replying to this message, we would greatly appreciate you providing an appropriate contact for College for Certain as well as the contact information for the legal counsel with whom we could discuss the above matters.

Thank you for your courtesies.

Sincerely,

Carmen D. Santos
